Someday

Middle Brother

How could I sing about love when it's not?
I must be crazy 'cause I know you got
All the people in the world to me
And none of them with a historyHow could I say that I love you when I don't?
How could I say that I'll stay 'cause I won't
I never said I had a head on my shoulder
I did say that I'll love you when we're olderSomeday, someday, that day will never beI heard you had that long time coming
A week later you just saw me running
I don't know what it is about me
I got a problem with you, if you seeYou like to think that I kissed you for a song
But if you right, I'd tell, tell you that you're wrong
You never dared that I did you any harm
I would love to have a girl of my ownSomeday, someday, that day will never beI'd like to prove there's a match for you
It's probably not me and I think you knew
I love to give every part of my best
Maybe someday I'll give you the restSomeday, someday, that day will never be
Oh, someday, someday, that day will never be
