

Chills In The Evening (Live At CD:UK)

McFly

Being with you
Was all that I needed
I don't know why
You were to blind to see it
Now you're gone
And I need you here tonight You know that I can't sleep coz im terrified
Feels like im falling
Down really fast inside
And I'm
Wishing the night away
coz chills in evening
They wont go away And sometimes I feel like
I can't go on living
There's not much to take when you done all the giving
Now you're gone and I need you here tonight You know that I can't sleep coz im terrified
Feels like im falling
Down really fast inside
And I'm
Wishing the night away
coz chills in evening
They wont go away And Now I need to find a way
To stop this pain from getting stronger
And I just can't explain
I don't understand
Why you left me here You know that I can't sleep coz im terrified
Feels like im falling
Down really fast inside (fast inside)
And I'm
Wishing the night away
coz chills in evening
They wont go away x2 They wont go away
