

# Forget About Him

Kath Bloom

The radio's on  
But I'm sittin' in the backyard  
The feeling isn't gone  
Oh, you know it's going to be so hard  
To do what I've got to do  
When the rooster next door says "Cock-a-doodle do"  
I'll forget about him I'll forget about him (Don't worry)  
I'll forget about him (You betcha)  
I'll forget about him The flowers are in bloom  
Well it just makes me more lonely  
There's too much damn room  
For me and for me only  
I always thought that my love was enough  
Now I know that it's going to be rough rough rough  
To forget about him I'll forget about him (Don't worry)  
I'll forget about him (I'll do it)  
I'll forget about him Well have you forgotten,  
have you forgotten yet?  
No, not yet  
The sun's on the horizon  
Goin' down, down Baby, where you goin'  
Hey, where you goin'  
Honey, where you goin'  
Hey, when you comin' back  
When you comin' back? You're just a speck moving through the fields  
When you comin' back, back There's a boy up the road  
And he wants to take me out some  
Well he doesn't know  
That I'm not gonna be too much fun  
'Cause when he kisses me I'm gonna cry  
I do believe that I'm gonna have to die  
To forget about him I'll forget about him (I'll do it)  
I'll forget about him (Don't worry)  
I'll forget about him If I forget about him I'll be on easy street  
And my feet will walk with a breezy beat  
If I forget about, forget about, forget about him  
If I forget about him and I'm gonna do it  
And the whole crazy world is gonna be brand new  
I'll forget a-, forget a-, forget about him Well have you forgotten,

have you forgotten yet?  
No, not yet  
The sun's on the horizon going down, down, down, down
