Life

A reaction to emptiness

Time

Continues for the Boogyman

Just give me one

Chance

To feature you in sunshine

And we could both

Dance

The aphids swarm awayHello, hello

Losing concentration

Losing motivation

Losing groundSolo solo

Don't like moderation

Starved for conversation

Are you downLove

A reaction to some soft skin

What about

Trust

I've seen it here and there

And give me some

Girls

Be careful what you wish for

So take me

Out

Woo honey let's go dancingHello, hello

Losing concentration

Losing motivation

Losing groundSolo, solo

Don't like moderation

Starved for conversation

Are you downDon't stop wasting people's time

One day soon you're gonna shineHello, hello

Losing concentration

Losing motivation

Losing groundSolo, solo

Don't like moderation

Starved for conversation

Are you downHello, hello

Losing concentration

Losing motivation

Losing groundSolo, solo

Don't like moderation

Starved for conversation

Are you downAre you downDon't stop wasting people's time
