Just Feel Better (w/Steven Tyler)

Santana

She said I feel stranded
And I can't tell anymore
If we coming or I'm going
It's not how I planed it
I've got the key to the door
But it just won't openAnd I know I know I know
Part of me says let it go
That life happens for a reason
I don't I don't I don't
It goes I never went before
But this time this timeI'm gonna try anything that just feel better
Tell me what to do
You know I can't see through the haze around me
And I do anything that just feel betterAnd I can't find my way
Girl I need a change
And I do anything that just feel better
Any little thing that just feel betterShe said I need you to hold me
I'm a little far from the shore
And I'm afraid of sinking
You're the only one knows me
And who doesn't ignore
That my soul is weepingI know I know I know
Part of me says let it go
Everything must have it seasons
Round and round it goes
And every day's a one before
But this time this timeI'm gonna try anything that just feels better
Tell me what to do
You know I can't see through the haze around me
And I do anything that just feel betterAnd I can't find my way
God I need a change
And I do anything that just feel better
Any little thing that just feel betterLong to hold you in my arms
To all things I ought to leave behind yeah
It's really getting nowhere
I think I need a little help this timeYeahI'm gonna try anything that just feel better
Tell me what to do
You know I can't see through the haze around me
And I do anything that just feel betterAnd I can't find my way

Girl I need a change
And I do anything that just feel better
Any little thing that just feel better
