

Whaleface

Felt

(Ya shit don't stink, ya ship won't sink
disapproving gaze but the bitch won't blink
holier than, greater than thou
hold it in, i can tell that ya proud
we're not allowed to feel equal
you don't get down wit real people
all so small in ya big world
go ahead and frown up and let that lip curl)

Verse 1:

(MURS)

ya got ya chin up, baby, elevator eyes
look me up and down like i'm a species you despise
ya arrogance apparent, you can hear it inside
like a character that you don't care enough to hide
you act like you embarrassed of the rest of us guys
when you need oxygen like the rest of the pride
like the rest of the school, i guess you too cool
ya shit's too hot to drop in our pool
don't get beat, bitch
you got a tummy full of plankton, ain't nothin but some sea shit
full of yourself, so you float to the top
a human hot-air balloon that i'm hopin to pop
my sharp-wit verses really don't land em
all ya cynicism really isn't hard for you to channel
so, it's effortless, you better than the rest of us
i get it, i admit it, why you even waste ya breath on us?

Verse 2:

(Slug)

Hey, wait, you lookin at me wit the whaleface?
judge and jury tryin to stay out of a stalemate
spoken like you know the truth, stop pretendin
check up on yourself, tell me who you condescending?
that's not special, it's not a rare case
a bunch of assholes, evolving at a snail's pace
they hold they nose up in the air
until they open up a shell, like they know that you care
yea, say thanks for the rain on the parade

make a little hate like it raises up the stakes
i'm not the first, i'm not the worst and i'm not perfect
but you wouldn't need to curse it if you went and found a purpose
scratch the ish til ya fingernails break
you know it, you felt it, so what your inner Braille say?
you smell fake like jailbait and hairspray
tell me how the fail taste
oh, and have a great day
