

# Fake It

## Bastille

And I don't think that that's a selfish want, I really don't  
I'm not saying that I have this capacity because it's hard to develop that capacity on your own,

(When you're being...)

Stopped at every turn Drive around, night time, nowhere to go

Melt me down, I'm like wax to your jokes

Lost and found, knocking heads, laying low

And there's no point reliving crimes to lose this Still wanna waste all of my time

I wanna waste all of my time

Still wanna waste all of my time

I wanna waste all of my time

With you Oh my lover, my lover, my love

We can never go back

We can only do our best to recreate

Don't turn over, turn over the page

We should rip it straight out

Then let's try our very best to fake it Show me joy, flowers through desert rain

Let's destroy, each mistake that we made

Then the storm, call it back to the grave

There's no pride in sharing scars to prove it Still wanna waste all of my time

I wanna waste all of my time

Still wanna waste all of my time

I wanna waste all of my time

With you Oh my lover, my lover, my love

We can never go back

We can only do our best to recreate

Don't turn over, turn over the page

We should rip it straight out

Then let's try our very best to fake it Help me turn a blind eye

Days and nights we lost to weakness

Help me turn a blind eye

Days and nights we lost to weakness Oh my lover, my lover, my love

We can never go back

We can only do our best to recreate

Don't turn over, turn over the page

We should rip it straight out

Then let's try our very best to fake it

Oh my lover, my lover, my love

We can never go back

We can only do our best to recreate

Don't turn over, turn over the page  
We should rip it straight out(Then let's do our very best to fake it...)
