(Hed) P. E.

I know your fucking with me, fucking my brain
You're fucking with friends
I know that you're no good for me
No, you ain't never been straight
No, I got nothing but hate for you
I know that you're so full of ssh
I know that you're so full of ssh
I know that you're so full of ssh
I know that you're so full of
I know you got a man, still you looking at me
Baby, you know I got a girl, but still you looking at me
I know just what you want, just why you looking at me
Baby, I got just what you want
Baby, I got just what you need
I know that you're so full of shh
I know that you're so full of shh
I know that you're so full of shh
I know that you're so full of shit
Come on, I'm no deaf or dumb
I'm not little Stevie Wonder, whatever
No more lies
No more lies
No more lies
No more lies
I been watching your eyes
I tried to hide
Tried to keep it inside
But I could not get away, cannot stay away
Some one must pay
You think its funny huh?
You think I'm playing huh?

You ain't heard a word I was saying, huh?
(Yea)
You forgot every motherfucking dog
Will have its goddamn day, huh?
(Yea)
Well go ahead keep on laughin'
Go ahead, keep on acting scandalous

(Yea)
And watch how a real man handles his shit
Woo!
You like that feels good huh?
Feels real good don't it?
[incomprehensible]Who you think you fucking with?
I mean you thought I was stupid huh?
You thought I was crazy
Come on, I'm no deaf or dumb
I'm not little Stevie Wonder, huh whatever
No more lies
No more lies
No more lies
No more lies
No more lies
No more lies
No more lies
No more lies
Whatever
(Whatever, whatever, whatever)
Whatever
(Whatever, whatever, whatever)
Whatever
(Whatever, whatever, whatever)
Whatever
(Whatever, whatever, whatever)
