

Let Your Body Learn

Nitzer Ebb

Fast beat the feet, fast fall the hands
Fast beat the feet, fast fall the hands Melody in the music, the music of drums
Melody in the music, the music of drums
Choose the fast beat, choose the hard line
Choose the fast beat, choose the hard line Try show us one better
Not sick to the heart
Not calling with flesh Suffer little children, suffer little children
Suffer little children, written in pain Boys at one, girls at peace
Boys at one, girls at peace
Boys at one, girls at peace
Boys at one, girls at peace Fast beat the feet, fast fall the hands
Fast beat the feet, fast fall the hands Hold onto rhythm, the music of drums
Hold onto rhythm, the music of drums The pulse is alive, making me sane Let your body learn, let your body
build
Let your body learn, let your body build Suffer little children, suffer little children
Suffer little children, the pulse is alive Fast beat the feet, fast fall the hands Boys at one, girls at peace
Boys at one, girls at peace
Boys at one, girls at peace
Boys at one, girls at peace Freedom from fear, giving release
Freedom from fear, giving release
Giving release, giving a heart Fast beating feet, fast falling hands
Fast beating feet, fast falling hands Fast beat the feet, fast fall the hands
Choose, fast beat the feet
Choose, fast fall the hands, feel, choose Let your body learn, let your body build
Let your body learn, let your body build Choose, learn, build
Choose, learn, build
Choose, learn, build, choose, oh
