Miracle Man

Mark Erelli

(Mark Erelli)I can't waive my hand
And make a blind man see
No I ain't got nothing
Hidden up my sleeve
I can't change
The water to wine
I can't pull you up
If you don't want to climbI know you think that I'm the one
But you keep asking me to do what can't be done
Maybe some other lover canCHORUS
Baby I'll never be your miracle man
No I'll never be your miracle manYou won't see me
Pull a rabbit from my hat
And I ain't gonna try
To saw you in half
I want to be there for you
When you need my help
But girl I just can't do it
All by myselfI know you think that I'm the one
But you keep asking me to do what can't be done
Maybe some other lover can(CHORUS)If I could only make you understand
Baby love ain't just some sleight of hand
