Girlfriend's Best Friend

Frank Ocean

it's 2 am
got a call
from a girl
you know
she heard a noise
got a little scared
now you of all people know
she hates sleeping alone
but still you ain't home
so since your no where to be found
no trip bro imma hold her down
i'm your girlfriends best friend
soon i'll be taking over
i'm your girlfriends best friend
you don't treat her like your supposed to
with your wandering eyes
all your cheating and lying
imma step up and do what i gotta
as your girlfriends best friend
soon i'll be taking
soon-soon i'll be taking your spot
now i'm not hating
on your situation
but all i'm saying
these chicks are crazy
you've got a good girl
who's all about you
it's gonna take you losing her

for you to know what you really had
on the spotlight
but as soon as you drop the ball
i'll be ready to pick up where you left off
i'm your girlfriends best friend
soon i'll be taking over
i'm your girlfriends best friend
you don't treat her like your supposed to
with your wandering eyes
all your cheating and lying

imma step up and do what i gotta
as your girlfriends best friend
soon i'll be taking
soon-soon i'll be taking your spot
Too be honest I ain't Saint by no means
But I'm on theoutside lookin in , and it ain't a pretty picture by no means
I could push up on her , but that ain't mee . I'ma just sit here and wait my turn
i'm your girlfriends best friend
soon i'll be taking over
i'm your girlfriends best friend
you don't treat her like your supposed to
with your wandering eyes
all your cheating and lying
imma step up and do what i gotta
as your girlfriends best friend
soon i'll be taking
soon-soon i'll be taking your spot
