

Best Fruit

The Pop Ups

What is the best fruit?

What is the best fruit in a fruit salad? i have brought an apple

round just like my head

i love to chomp an apple

so big and bright and red

chomp chomp chompin' on the apple I brought a banana

its yellow and so soft

I peel a banana

to take the whole skin off

peelin' a banana CHORUS Today i brought a grapefruit

there's sour fruit inside

so i cut up the grapefruit

to get through the thick hide I go..

choppin up the grapefruit I brought watermelon

its filled with lots of seeds

so juicy and delicious

to eat it right you need to

spit out the seeds Today I brought a kiwi

a yummy shade of green

but i cut it in half first

and scoop out what's within

scoop out the kiwi We brought lots of berries

strawberries and blue

all you have to do is just go

poppin' the berries CHORUS Now is the best part! We make fruit salad with an apple! chompin' on the apple

peelin' a banana

choppin' up the grapefruit

spit out the seeds

scoop out the kiwi

poppin' all the berries Now we have fruit salad!

What is the best fruit,

in a fruit salad!
