# Heaven

## Gotthard

Show me the way to your heart
I am searching
But I'm drifting apartEverything's gone, far away
Here we're standing now
With no words left to sayGave you power
Fell on the floor
Silence, never thought you hurt so bad
In darkest hours
Slept at your door
Wishing all would be just like beforeLet me find my piece of heaven
Let me find my way back home
I want this love to last forever
And back together,rise once again
From the ashes to the skyHas someone taken my place
Am I falling
Was it our last embraceNow you're asking me for some more time
I am trying to survive
Victim of my desireI keep on running
I'm up all night
Times , I never thought they hurt so bad
In darkest hours
Stand by your door
Wishing all would be just like before'Cause I need it so bad
