

# Can't Sleep, Clowns Will Eat Me

Alice Cooper

Don't sing me lullabies  
I won't close my eyes, I can't close my eyes  
It's true, I'm doomed  
Till dawn shines throughGot too many things to do  
Got friends to see, I can't miss a thing  
It's true, I'm through  
I'm screwed, ungluedI won't close my eyes, I can't close my eyes  
I never close my eyes  
You see, they're always there with funny hair  
Oh, I'm so scaredIt happens to me every night  
Can't sleep, the clowns will eat me  
They always want to take a bite  
Can't sleep, the clowns will eat meAnd if you think this isn't real  
I'll show you wounds that never heal  
To them, I'm just a happy meal  
Can't sleep, the clowns will eat meMake the coffee black as night  
Help me through the night  
I know their appetite for me  
I'm meat, but I'm sweet as can beAnd if I do too much booze  
I begin to snooze  
I hear the big old floppy shoes  
It's true, I'm stew, unchewedI won't close my eyes, I can't close my eyes  
I never close my eyes  
See, they're always there with that funny hair  
Oh, I'm so scaredIt happens to me every night  
Can't sleep, the clowns will eat me  
They always want to take a bite  
Can't sleep, the clowns will eat meAnd if you think this isn't real  
I'll show you wounds that never heal  
To them, I'm just a happy meal  
Can't sleep, the clowns will eat me
