

Lets Call It Off (feat. Peter

Drake

[Verse 1]

Uhh

When did you get like this

Least you could have done was go and give me a warning

I don't regret like this

So I'll be right there when you wake up in the morning saying "This just ain't my style you can't say your happy either you don't even smile... For me"

[Chorus]

Did you agree

We should let it be

And did you agree

It's a must

Lets call the whole thing off

We just have had enough of us

Lets call the whole thing off

We just have had enough of us

[Verse 2]

When you decided to knock on my door

Did you remember what happened before

The look on your face said you were expecting more

But some things look better inside of the store

[Chorus]

Did you agree

We should let it be

And did you agree

It's a must

Lets call the whole thing off

We just have had enough for us

Lets call the whole thing off

We just have had enough for us

[Verse 3]

Look leave me, leave me I can't fucking stand you

Wish I had the courage to say everything I planned to

My girlfriend, my girlfriend call herself my girlfriend tell me that we pose to be together till' the world end

But I don't really feel that

I just really want to turn the wheels back

Give you all your sweaters and your heels back

Gives you the time to heal that

Uhh

You look for reasons for us to argue I swear everytime I call you

You just tell me how I don't call you

Why you do that

Do that,

Do that

Yeah

[Chorus]

Did you agree

We should let it be

And did you agree

It's a must

Lets call the whole thing off

We just have had enough for us

Lets call the whole thing off

We just have had enough for us
