

Farmer's Daughter

Babyshambles

You've been travelling on a dusty road
Break some bread with me!
Your wife and donkey on a dusty road
Now break some bread with me!
Now come and watch' with me! And that's that to choose between this or that
Hmmm, I'll take the farmer
I'll take the former every time!
I'll take the former every time!
Chorus:
He knows where his daughter goes
Cause the way it feels when sun light hits snow
Sunlight hits the snow.
Well, that's to choose between this and that
Me, I take the farmer
I take the farmer every time
I take the farmer every time!
Chorus:
He knows where his daughter goes
The way it feels, when sun light hits snow
Cause the farmer knows where his daughter goes
Cause the way it feels when sunlight hits the snow
Sunlight hits the snow.
