

Dance 'Til We Die (Emma's Song)

AronChupa & Little Sis Nora

I've been working 9 to 5
Now I need to go
Meet up with the other Guys
gettin to my flow

It's another Friday night
Let's put on a show
Time to turn the music up
On my stereo

Cause we
Living in a fantasy
We got all we need
I'mma dance with somebody oh
This could be our destiny
We got all we need
Now everybody

Let's get fucked up
Let's have another round
Tell me what's up
We gonna hit the ground
Let's get fucked up
We never call it a night

Cause we gon' dance 'til we die
Yeah we gon' dance 'til we die
We never call it a night
Cause we gon' dance 'til we die

Got it going in the club
Time to pump it up
Would you rather be with me
Or take another shot
Can you hear the melody
Come show me what you got
I can see you moving baby
You ain't had enough

Cause we

Living in a fantasy
We got all we need
I'mma dance with somebody oh
This could be our destiny
We got all we need
Now everybody

Let's get fucked up
Let's have another round
Tell me what's up
We gonna hit the ground
Let's get fucked up
We never call it a night

Cause we gon' dance 'til we die
Yeah we gon' dance 'til we die
We never call it a night
Cause we gon' dance 'til we die
Yeah we gon' dance 'til we die
We never call it a night
Cause we gon' dance 'til we die
