

# Never Say Die

## Bon Jovi

As we stood in there older than a man  
And younger than the boys  
We were as still as the wind  
That blows on a hot August night  
And you were lonesome as a jukebox  
But deadly just the same  
I could be as gentle as a newborn  
Then spit into the eye of a hurricane  
And we knew how to laugh  
And we knew how to cry  
Yeah, we sure knew how to live  
But we don't ever  
Never say die, never say die  
I guess you'd say we had a pact  
These words we knew so well  
Still they remained unspoken  
And we'd take them to the fiery gates of Hell  
Once I was afraid of love  
But when it's your brother those things change  
'Cause love is just another word for trust  
So hear me when I say  
Never say die, never say no  
You got to look them in the eye and don't let go  
When it's your own blood you'll bleed and your own tears you'll cry  
When you're brought up to believe, that it's the strong who survive  
Never say die  
Yeah and we could run like lightning  
Through the pouring rain  
They we'll be standing like a soldier  
Who comes marching home again  
They ask what it is that I want written  
On the gravestone where I'll lie  
Tell them it's just my bones, that died there  
So save the tears they'll cry  
'Cause my spirit is still riding somewhere  
Somewhere in this night  
When it's these three words that come to me  
As I kiss this world goodbye  
Never say die, never say no  
You got to look them in the eye and don't let go  
When it's your own blood you'll bleed and your own tears you'll cry  
When you're brought up to believe, that it's the strong who survive  
Never say die, never say die  
That's right
