Redshift (feat. J'Danna)

Nitin Sawhney

I was wrong,
You were right,
I taught you all I knew,
And you taught me to fight.
You wanted more.
I couldn't care less .
But you never want to talk about the emptiness.
Now every time,
you think you've found yourself.
But it turns out to be,
someone else.
Nobody likes to talk about the emptiness.
Nobody likes to talk about the emptiness.
You're out of fears with the redshift light.
Lose your word to the redshift light.
We don't need the silent,
We turn the static to a quiet end.
You're out of fears with the redshift light.
Lose your word to the redshift light.
We don't need the silent,
We turn the static to a quiet end.Well, you could say I'm cold,
'cause you're on fire.
While the best of us go up in a funeral pyre.
If you're burnin' up,
or you're burnin' down,
You're out for the count,or you come around.
And nobody want's to talk about the emptiness
But nobody wants to talk about the emptiness
You're out of fears with the redshift light.
Lose your word to the redshift light.
We don't need the silent,
We turn the static to a quiet end.
You're out of fears with the redshift light.
Lose your word to the redshift light.
We don't need the silent.
We turn the static to quiet end.
