

I Don't Think You Really Mean It (Proper)

Retard-O-Bot

I don't think you really mean it It's the things you say
It's the things you do
It's the things you promise
That never seem to come true I don't think you really mean it
I don't think you really mean it It's the things you say
It's the things you do It's the things you say
It's the things you do
It's the things you promise
That never seem to come true I don't think you really mean it
I don't think you really mean it Quit your lies
Stop pretending you're chasing your tail
Your feet have been nailed to the floor
The wool's been in your eyes for so long now I don't think you really mean it It's the things you say
It's the things you do Don't expect a helping hand
I've turned my head
I've brushed you off
Friends only as good as what they do Get me out of here
Interference is what I need
It all comes back to you
It all comes back to you You (x8) Get me out of here
Get me out of here Stop lying
Quit pretending you're chasing your tail
Your feet have been nailed to the floor
Wool's been in your eyes for so long, man I don't think you really mean it It's the things you say
It's the things you do
It's the things you promise
That never seem to come true I don't think you really mean it
I don't think you really mean it It's the things you say
It's the things you do
It's the things you promise
That never seem to come true I don't think you really mean it
I don't think you really mean it
