

# She Came on Like Lightnin'

**Reba McEntire**

I always loved my baby  
I always kiss my baby  
It's always taken by his charms  
I never hurt my baby  
I never beat my baby  
I never did him any harm but [Chorus]  
That dog she stole my baby  
She rock and rolled my baby  
Swept him away from me by storm  
She came on like lightning  
Stole all my thunder  
Took my sunshine away  
She came on like lightning  
Stole all my thunder  
Took my sweet sunshine away I learned a lover's lesson  
No time for second guessing  
When I fall under some man's spell  
I don't care if he's taken  
It won't be my heart breaking  
Some other fool be crying well [Chorus: x3]
