She Says

VHS or Beta

She says always through the nighttime
Wasted drama with the nightlife
And I will shake it up tonight, just to make it right
She says 'always' all the time and I sayDoo doo doo doo
I say
Doo doo doo dooIn the moonlight drive by out the seaside
Where the dreams get swallowed by the high tide
And I will make it up tonight, just to make it right
She says always, all the time
And I sayDoo doo doo doo
I say
Doo doo doo dooAnd I say
Doo doo doo doo
I say
Doo doo doo dooI say
Doo doo doo doo
I say
Doo doo doo doo
