

# Pain In The World

Danzig

Heart full of hell  
Room to burn  
Heart full of something  
Unclean  
Dreadful to know  
Fair in the mirror  
Hard on the soul  
They should have known it  
From birth  
Pain  
Had come to this worldCrying  
Pain has come to the world  
Dying  
Pain in the worldHeart full of sin  
Breeds so slow  
Should have killed it from birth  
This treacherous son  
Angel of wisdom  
See how it's grown  
Agony's bastard of lies  
Coming down uponCrying  
Pain has come to the world  
Dying  
Pain in the worldHeart full of hell  
Indifferent and cold  
Heart full of misery's seed  
You should have learned  
Hate is your mirror  
Like it or don't  
Angel of suffering smiles  
Coming down from aboveCrying  
Pain has come to this world  
Dying, yea  
Pain in this worldCrying  
Dying, yea
