

Splash A Little Water On It

Jane's Addiction

Oh I have to tip-toe around so as not to make a loud sound, oh-oh
Oh what you put her through look at her tryin' not to wake-up the girl, oh-oh
What was she thinkin' tryin' to keep up with you every habit you have, oh-oh
It's cause she loves you so, don't tell her she not lookin' so good, oh no
Just, splash a little water on it
See what you're working with
Splash a little water on it
And see if it comes alive
Last night oh-oh it almost all went up in smoke
You cannot choke without them knowing
You keep on going
We been drinkin' and smoking til four, five or six in the morning, oh-oh
I take a splash of water to bring me around and get going, oh-oh
You gotta treat her like a flower, man, women need time to recover, oh
I flex at my reflection heading into the town a great hunter, yeah
I didn't want to wake you up, it's over there
I left some water in the cup, on the stand
I'll call you later, oh I just I don't know when
Here's to remind you of your man forever
Splash a little water on it
And see what you're working with
Splash a little water on it
See if it comes alive
Last night oh-oh it almost all went up in smoke
You cannot choke without them knowing
Keep on going
