Fall for You

Brian Dolzani

I fall for you on a Tuesday
I fall for you on a Sunday morning
I fall for you on a Friday
I fall for you ever day this world
it just keeps spinning around

My love my love my love my lover don't you change
and I'll remain the same

I fall for you in the winter
I fall for you on a rainy morning
I fall for you in the sunshine
I fall for you in the springtime flowers
where you are spinning around

My love my love my love my lover don't you change
and I'll remain the same

There's something bout your love
that keeps me warm
it keeps me spinning around

My love my love my love my lover don't you change
and I'll remain the same
