The Rebirth

Eric Bellinger

Its what youve been waiting for
Its what youve been waiting forThe rebirth
The rebirth (x2)Baby tell me that you love me
Tell me im your favorite
Yeah I know we faded
But i know your heart aint
Aint nothing to play with
You just gotta trust me
Promise i wont break it
All i wanna do is make sure
that you're in your vibe
and your body's satsfied
Girl we got all night
Yes we do....
You ready?Its what you've been waiting for...
Yeah
Its what you've been waiting for..The rebirth
The rebirthLets go..
