

# Ayye Bitch (DatPiff Exclusive)

Tyga

Ayye bitch, T-Raww  
Bad bitch, fuck her better with the lights on  
Me go psycho in the pussy she don't mind at all  
Me high off a molly, now I tell her fuck Big Sean  
Psycho might go, niggas dont like no  
Nigga getting money, want me dead like Castro  
Jump her on my lap, then go yonkers to my odd flow  
Top flow, telescope, watch her and die slow  
(Fire flow) animal, cookie eat a rookie, I'm Geronimo  
The diabolical, carnival  
Eat the shit now I got holla toast  
Halitosis I'm dopest nicca you ain't know this  
Drop 150 on the yacht  
Master, I'm a massacre, let the ice kill the watch  
Fucking two bitches while my other bitch watch  
My conceited bitch in London, she speaks so posh  
Nigga is that Ti-na, nigga is that vo-ha  
She fucked the whole crew, now the hoes wo-la  
These days, too many lies, too many rhymes  
Cashing out getting mine motherfucka, then I'm out  
W-W-Well Done
