

# I Can't Forget

Leonard Cohen

I stumbled out of bed  
I got ready for the struggle  
I smoked a cigarette  
And I tightened up my gut  
I said "This can't be me  
Must be my double" And I can't forget, I can't forget  
I can't forget but I don't remember what I'm burning up the road  
I'm heading down to Phoenix  
I got this old address  
Of someone that I knew  
It was high and fine and free  
Oh you should have seen us And I can't forget, I can't forget  
I can't forget but I don't remember who I'll be there today with a big bouquet of cactus  
I've got this rig that runs on memory  
And I promise, cross my heart, they'll never catch us  
But if they do just tell them it was me I've loved you all my life  
And that's how I want to end it  
The summer's almost gone  
The winter's tuning up  
Yeah the summer's gone but a lot goes on forever And I can't forget, I can't forget  
I can't forget, but I don't remember what
