

# I Wish You Would

[Eric Clapton](#)

Early in the morning, 'bout the break of day  
That's when my baby went away  
Come back, baby, I wish you would  
Try and love me, you won't do no good  
Walking and a-kissing late at night  
I tell you now baby, I feel just right  
Come now baby, whatcha trying to do?  
Trying to love me and some other man, too  
Come now baby, give me one more chance  
You know I still love you, want to give you romance  
Yeah romance, all night long, in my arms, woah yeah  
Early in the morning, 'bout the break of day  
That's when my baby went away  
Come back, baby, I wish you would  
Try and love me, you won't do no good
