CALIFORNIA GIRLS

LET`S WHISPER

I ain't never had a problem with California
There's a lot of good women, Sacramento to Corona
But them Hollywood types after a while wear on you
Struttin' around in their size zeros
Skinny little girls, no meat on their bones
Never even heard of George Jones
Ain't you glad we ain't all California girls?
Ain't you glad there's still a few of us left
That know how to rock your world?
Ain't afraid to eat fried chicken and dirty dance to Merle
Ain't you glad we ain't all California girls?
There ain't nothing wrong with plastic surgery
Well, Dolly Parton never looked so good to me
Everybody ought to be exactly who they want to be
But that Paris Hilton gets under my skin
With her big fake smile and her painted on tan
She'll never have a chance at a real man
Ain't you glad we ain't all California girls?
Ain't you glad there's still a few of us left
That know how to rock your world?
Ain't afraid to eat fried chicken and dirty dance to Merle
Ain't you glad we ain't all California girls?
Ain't you glad we ain't all California girls?
Ain't you glad there's still a few of us left
That know how to rock your world?
Ain't afraid to eat fried chicken and dirty dance to Merle
Ain't you glad we ain't all California girls?
Ain't you glad we ain't all California girls?
