

I Can Make You Dance

Zapp & Roger

(Dance, Mercy) I can make you dance if you want me to
I can make you dance-dance-dance-dance-dance-dance...
All around the world in a real bad way (?)
I can make you dance if you want me to
But I can make you better let me show you what takes, baby
I can make you dance if you want me to
Now I've got a bet to show I bet you're gonna move (?)
I can make you dance if you want me to
It's controlled by Roger and it's right here in this tube (?)
I can make you dance if you want me to
Now I can set you free from your troubled troubled mind, baby
I can make you dance if you want me to
Just lend me your ears and let your feet keep time, baby
I can make you dance if you want me to
And here's what you'll find about this music of mine, baby
I can make you dance if you want me to
Oh yaaaa
Gonna make you dance (x3)
Make you dance (x2)
Gonna make you dance
Ouuuu Make you dance
I can make you dance (x4)
Ouuuu Baby
I can make you dance (x5)
Cha Cha Cha, Cha Cha Cha Make you dance (x5) I can make you dance if you want me to
I think you raised the price of the cool and the rich (?)
I can make you dance if you want me to
Slip butter over you or mother don't know, see (?)
I can make you dance if you want me to
You can dance in the morning when you eat your cornflakes
I can make you dance if you want me to
Don't start, baby rythme, and that's really all it takes (?)
I can make you dance if you want me to
I can make you dance
You know I can make you dance
I can make you dance
Forget about some other time (?)
I can make you dance
I can make you dance

I can make you dance
Baby, baby
I can make you dance
Yes I do
I can make you dance
Make you dance, make you dance, make you dance
I can make you dance
Gonna make you dance, dance, dance, dance
I can make you dance
Make you dance (x3)
