

# Far East Man (Alan Freeman Show 1974)

## George Harrison

While the world wages war  
It gets harder to see  
Who your friends really are I won't let him down  
Gonna do what I can  
I can't let him drown  
He's a far east man All these ups and those downs  
Makes me question what love is  
Is it a lie or worth while? I can't let him down  
Gonna do what I can  
I can't let him drown  
He's a far east man Sometime is so short but it takes so long  
Wondering if it is or if I'm wrong  
Even then my heart seems to be the one in charge  
Can only do what it tells me We can't let them down  
We've got to do what we can  
We can't let them drown  
He's a far east man Looks like right here on earth  
God, it's hellish at times  
I feel that a heaven's in sight I can't let him down  
Got to do what I can  
I can't let him drown  
He's a far east man, oh I can't let him down  
Gonna do what I can  
I can't let him drown  
He's a far east man, oh Gonna do what I can  
I can't let him drown  
He's a far east man, oh oh I can't let him down  
I got to do what I can  
And I can't let him drown  
He's a far east man
