

# Life Is But Nothing

[Del Shannon](#)

All my life I've had troubles  
All my life I've had woes  
All my life I've been waiting and hoping  
I thought I had happiness  
But all it turned to was emptiness  
Now life is but nothing  
To me - you're only in my dreams.  
You walked into my life  
Cloudy days were left behind  
My mind felt like sunshine after rain...rain  
A lifetime of loneliness  
Turns briefly into happiness  
Now life is but nothing  
To me... - you're only in my dreams.  
My life is empty without you girl  
I can't believe that you're gone  
My life is empty without you girl  
I can't believe that you're gone  
And now we're through...through.  
Now I'm all alone  
With troubles just like before  
I'll just keep on waiting  
And hoping  
Someday I'll find happiness  
Instead of all this tearfulness  
Now life is but nothing  
To me - you're only in my dreams  
Oh darling, you're only in my dreams  
My my my, you're only in my dreams.
