

# Cellphone's Dead (Reprise)

## Beck

Strange ways coming today  
I put a dollar in my pocket  
    And I threw it away  
    Been a long time  
    Since a federal dime  
    Made a jukebox sound  
    Like a mirror in my mind  
    To comb my worries  
    Fix my thoughts  
    Throw my hopes  
    Like a juggernaut walks  
    Now let-down souls  
    Can't feel no rhythm  
    Sorry entertainers  
    Like aerobics victims  
    Hybrid people  
Light a wooded matchstick  
    Toxic fumes from the  
        Burning plastic  
        Beats are broken  
        Bones are spastic  
        Robots talkin'  
    With a southern accent  
        Voodoo curses  
        Bible tongues  
        Voices comin'  
From the mangled lungs  
    Give me some grit  
    Some get-down shit  
    Don't need a good reason  
To let anything rip  
Radio's cold  
    Soul is infected  
        One by one  
        I'll knock you out  
        God is alone  
        Hardware defective  
        One by one  
I'll knock you out  
Mr. Microphone making  
    All the damage felt

Like a laser manifesto  
Make a mannequin melt  
There's people phonin' in  
Like it's unlimited minutes  
Going through the motions  
Just to say that they did it  
Treadmill's running  
Underneath their feet  
So they feel like they're going somewhere  
But they're not  
So let's put boots  
On the warehouse floor  
Comin' to you  
Like a rope on a chain store  
Throwing equipment  
From a moving van  
Grab a microphone  
Like a utility man  
Now fix the beat  
Now break the rest  
Make a kick drum sound  
Like an S.O.S.  
Get a tow-truck  
Cause it's after dark  
And the dance floor's full  
But everybody's double-parked!Cell phone's dead  
Lost in the desert  
One by one  
I'll knock you out  
Eye of the sun  
Is out of its socket  
One by one  
I'll knock you out  
One by oneThis jam is real, that's rightEye of the sun  
Eye of the sun  
Eye of the sunAh
