

# Girl I Know

## Avenged Sevenfold

Let me tell you about a girl I know  
That comes alive when you take off her clothes  
There's no telling just where shes been  
Ask around but no one seems to know yeah  
(yeah)Late at night when your looking to sin  
Call her up and she'll lay down the law  
You cant trust her cause she'll lie to your face  
But that's not why you gave her a call  
(yeah)Waist deep inside  
Now that's the burning desireWe've all been more than eager to sin  
And it feel's alright  
Til we pay the price  
Now you choose either naughty or nice  
Cause she's here for you it's all yours tonightYou won't believe the stories I've been told  
About a girl I knowAnother thing about this girl I know  
She's more comfortable down on her knees  
Went to school got a job and then she shot it to hell  
All cause shes born to please yeah(yeah)Don't get her mixed up because she knows what she likes  
Can tell the difference between  
Right or wrong  
She know's your watching every one of her moves  
Just more reason to string you along yeahYour waist deep inside  
Now that's the burning desireWe've all been more than eager to sin  
And it feel's alright  
Til we pay the price  
Now you choose either naughty or nice  
Cause she's here for you it's all yours tonightYou won't believe the stories I've been told  
About a girl I knowThe first time's hard enough  
But you made it through  
The second time  
I see the changes in you  
She's got you somehow  
Your needing her now  
(yeah)We've all been more than eager to sin  
And it feel's alright  
Til we pay the price  
Now you choose either naughty or nice  
Cause she's here for you it's all yours tonightYou won't believe the stories I've been told
