Manchuria

Pinback

They sent us into their machine
But that plane crashed into the sea
We float alone above the waves
Within a waterproof capsuleWe never made it to Manchuria
Instead we fell into the seaWe float alone above the waves
Within a waterproof capsuleWe never made it to Manchuria
Instead we fell into the seaWe fell into the sea
We fell into the sea
We fell into the sea
Up inside that tree ....No one can choose ...
No one can decide their fans or their familiesWe stand outside ourselves
Define ourselves.
By standing outside ourselvesWe'll stay up all night
And watch "The Land Without Bread."
We'll stay up all night
With "Manufacturing Consent"
We'll stay up all night
Watch "Juliet Of The Spirits"
We'll stay up, yeah,
And don't say that we're not like them either
Don't say that we're not like them either
Don't say that we're not like her either
Up inside that tree.
