

Image Of The Invisible (Preview)

Thrice

We're more than carbon and chemicals
Free will is ours and we can't let go
We can't allow this, the quiet cull
So we sing out this, our canticle
We are the image of the invisible We all were lost now we are found
No one can stop us or slow us down
We are all named and we are all known
We know that we'll never walk alone We're more than static and dial tone
We're emblematic of the unknown
Raise up the banner, bend back your bows
Remove the cancer, take back your souls
We are the image of the invisible Though all the world may hate us, we are named
Though shadow overtake us, we are known
