## Squad Five-O

get up in the morning, go downtown, work 9 to 5  
this is our town  
get off work, go midtown, hang out all night  
this is our town  
our town  
this town is our town  
OUR TIME IS RIGHT NOW!!  
the water's dirty, the river's brown, the air smells bad  
this is our town  
year after year of the same old thing, not half bad  
this is our town  
our town  
this town is our town  
OUR TIME IS RIGHT NOW!!
