Beg

All Saints

Beg (Lady's and gentlemen put your hands together)Gotta you gotta gotta you gotta gotta you gotta
(Lady's and gentlemen put your hands together)
Beg begUsed to tell me you where my best friend
Used to tell me that your loyalty would never end
Say you'd always have my back
As soon as I hit rock bottom You were no-where to be hadDon't not give it to me on the floor where I can see
On your knees can beg if your searchin forgivness
Don't not give it to me on the floor where I can see
On your knees can beg if your searchin forgivnessGotta you gotta gotta you gotta
(Today's letter was B and the word was beg)
Gotta you gotta (Beg beg)Don't let nobody bring me down
Telling you what goes around comes around
Life just filled with mystery
That's exactly what you are exactly what you are (to me)I'm gonna hear you beg (hear you beg)
Make you see friendship ain't on the mend
(Ain't on the mend)
Can't forgive you if I could wanna come into my world
Now you see I'm doing good don't not give it to me
(You gotta give it you gotta give it to me)
On your knees can beg (ohh ohh)
Don't not give it to me (On the floor where I can see)
On your knees can beg (If your searchin forgivness)Gotta you gotta (You got it you gotta give it too)
Gotta you gotta (You got it you gotta give it too)
Gotta you gotta (You got it you gotta give it too)Get down on your knees Don't not give it to me
(Gotta give it gotta give it to)
Get down on your knees
Don't not give it to me (Beg baby)I'm gunna hear you beg (hear you beg)
Make you see friendship ain't on the mend
Can't forgive you if I could wanna come into my world
Now you see I'm doing goodDon't not give it to me on the floor where I can see
On your knees can beg if your searchin forgivness
Don't not give it to me on the floor where I can see
On your knees can beg if your searchin forgivness
Don't not give it to me
On your knees can beg (b-e-g beg)
Don't not give it to me
On your knees can beg(Today's letter was B and the word was beg)
