

Take Care (Alternate Version) [Alex Vocal]

Big Star

Take care not to hurt yourself
Beware of the need for help
You might need too much
And people are suchTake care, please, take careSome people read idea books
And some people have pretty looks
But if your eyes are wide
And all words asideTake care, please, take careThis sounds a bit like goodbye
In a way it is I guess
As I leave your side
I've taken the airTake care, please, take care
Take care, please, take care
