A Light So Dim

The Black Heart Procession

There are no trains that leave from the maze
Your only chance was a ship to escape
you'll be the light house in the storm
I'll be the ship with a thousand dead souls
how long will they believe in a light so dimDown in the gallows the darkness glows
it was hard to see in the hearts of them
you'll see a light call down below
I'll be moving and sorting out our fearsHow long will we believe in a light so dim
'cause time is all we have
so take the timethrow down the line 'cause I'll see to climb
if it's held close it may just work
you are the light house in the storm
I'll be the ship filled with a thousand dead souls
and time is all we have so take the time
to make the time and make time to take the time....
