

# As We Are

## KONGOS

We say we love  
But don't know how  
And as we are  
We cannot reach that far Oh, we've tried  
At times we've lied  
But few have known  
And fewer have shown What I'm trying to show you  
Is something that I was shown  
What I'm trying to tell you  
Is something that I was told  
But it's so hard to see  
And it's so hard to feel Ooh, ooh, ooh, ooh Now where do we begin  
It's said we must look within  
'Cause love is to be and to be is to love  
So reach up, reach high and someday we'll find out what love is What I'm trying to show you  
Is something that I was shown  
And what I'm trying to tell you  
Is something that I was told.  
But it's so hard to see  
And it's so hard to feel What I'm trying to show you  
Is something that I was shown  
What I'm trying to tell you  
Is something that I was told.  
But it's so hard to see  
And it's so hard to feel
