Threefold Law

Nemesea

Audias attente
Antequam agis meditare
Etenim est lex vetusta
Foedus sagis olim factumMemento semper legis trium
Ter quod das
ad te reveniet
Tantum acquires quantum merenis!'Listen very carefully!
Think well before thou act!
'Cause there's an ancient law
An olden witches pactThirteen witches came together
at midnight in a wood
A chalice with wine and their blood
and no difference between evil and goodEver mind the rule of three
Three time what thou givest
will return to thee!The witches wrote it down on vellum
'cause it's important to learn
So everyone could read
"thee only gets what thou dost earn"
