

# Key

## Yellow Magic Orchestra

I feel so bad, my spirit's weak  
Somebody please, what's wrong with me?  
What do you see?  
I see a forest  
What kind?  
There's a light in the darkness  
Whatcha gonna do?  
I wanna walk in it  
What you say??  
I feel so bad, my body's weak  
Somebody please, what's wrong with me?  
What do you see?  
I see a moth  
What kind?  
It looks like my lover  
Whatcha gonna do?  
I wanna chase it  
Nani ittenno?  
I feel so bad, my mind is weak  
Somebody please, what's wrong with me?  
What do you see?  
I see a key on the ground  
What kind?  
Just a key, but it's shining  
Whatcha gonna do?  
I wanna pick it up  
What you say??  
I've got a feeling something's happening  
It gives me a thrill but it's also very frightening  
I feel so bad, my spirit's weak  
Somebody please, what's wrong with me?  
What do you see?  
I see a long wall  
What kind?  
It has no end  
Whatcha gonna do?  
Use the key to open it  
What you say???  
I've got a feeling something's happening

It gives me a thrill but it's also very frightening
