

# Chiromancer

## Copeland

Forever yours, forever yours  
And I can feel you in the morning sun  
You warm me like no other one, forever yours  
And I can feel you in the morning sun  
You warm me like no other one, forever yours

Your voice is fading, I call your name  
Cause Iâ€™m still here and the only thing thatâ€™s left for me is listening  
Itâ€™s the only way I make it through the night

Are we just fooling ourselves? Live in the moment  
Can I just die by your side, living alone here  
In the storm of quiet voices  
Youâ€™re the only one that I could never find

Just say youâ€™re mine and the fog would lift  
Cause the only thing thatâ€™s missing now is everything  
Itâ€™s the only way I make it through the night

Are we just fooling ourselves? Live in the moment  
Can I just die inside, living alone here?  
In the storm of quiet voices  
Youâ€™re the only one that I could never find

Youâ€™re the light in the darkest night  
And in between Iâ€™m forever yours  
I hear you call my name, it never sounds the same  
I hear you call my name

If only I could crawl out through the void to reach you  
If only I could stretch across the depths to hold you  
If only for a moment I could make too hard to hold  
If only for a moment I could rest beside your soul  
I could rest beside your soul

And I can feel you in the morning sun  
You warm me like no other one, forever yours

Your voice is fading, I call your name  
Cause Iâ€™m still here and the only thing thatâ€™s left for me is listening

It's the only way I make it through the night

Are we just fooling ourselves? Live in the moment

Can I just die inside, living alone here?

In the storm of quiet voices

You're the only one that I could never find

Just say you're mine and the fog would lift

Cause the only thing that's missing now is everything

You're the only way I make it through the night

Are we just fooling ourselves? Live in the moment

(I'm dying) can I just die inside, (I'm dying) living alone here?

In the storm of quiet voices

You're the only one that I could never find
