Advisory - the following lyrics contain explicit language:

(Intro)
Roll that
Roll that
Roll that
Roll that(Verse)
Hey,hey,hey
Trust me,trust me
I gave you one night just to love me
Have your man say fuck me
'Cause I beat that pussy up ugly
Oh
We gambling
I wanna peel you like a mandarin
Drop all the shit I'm handling
And pluck you like a mandolin
I'm on the road I'm out here dope as fuck
Stuck,but I'm on the go
We should composite girl
Flick that shit 'til we off the flow
Come take that chance,hey
Come take that chance,hey
Come take that chance(Chorus x2)
Roll that dice
Gamble with my heart tonight baby
If we fall at least you know I'll be down too
Roll that dice
If we really push it over the line I'd rather
Lose it all than take it home without you
Roll that diceRoll that
Roll that
Roll that
Roll that(Verse)

I'm living for the gambling
Blow all my dice,hey
Like pocket aces,hey
We can be in para-paradise
Lost in the ambience,the strobin' lights
Well I know we only live once
But that's enough if we do it right
Throttle pop for life
The drum pop, that line
Got a stable at my table pop
That lovely it, that top
Push your chips over the line girl
Come take that risk
What is this life,if we ain't living it(Chorus x2)
Roll that dice
Gamble with my heart tonight baby
If we fall out now you should know I be down too
Roll that dice
If we really push it over the line I rather
Lose it all then take it home without you
Roll that dice(Bridge)
We can it put on black
Put it on red
The colour of love
Everyone says
The house always wins
But I'm feeling lucky
Let's do it together
And double our money
Double our money x13
It's the cataracs(Chorus)
Roll that dice
Gamble with my heart tonight baby
If we fall out now you should know I be down too
Roll that dice
If we really push it over the line I'd rather
Lose it all then take it home without you
Roll that dice
Wo-oh-oh-oh
Roll that dice
Wo-oh-oh-oh
Roll that dice
Wo-oh-oh-oh
Roll that
Roll that

Roll that
Roll that
Roll that dice
