

I'm Making Eyes At You

Black Kids

So you want my affection
We both know you'll only throw it away
But if you must have a go, fine, okay
If you must have a go then go away I'm making eyes at you
I've been making these eyes now, making these eyes since '82
I've been making them green and gray and brown and delta blues
I'm reciting a mantra but I can't tell you 'cause you're missing to me
That's all you'll ever be Oh please don't, please don't speak
You'll kill the mystique, oh baby let's not, let's not dance
We'll ruin our chances, oh in between the drinks
I can't help but think that even as we speak
We kill the mystique You are missing to me and I am missing much
Your sleepy panda eyes, those dangerous thighs, your dirty touch
You are the wildest one but you're the one that I want
I'm making eyes at you, that's all I ever do Oh please don't, please don't speak
You'll kill the mystique, oh baby let's not, let's not dance
We'll ruin our chances, oh in between the drinks
I can't help but think that even as we speak
We kill the mystique So you want my affection
We both know you'll only throw it away
But if you must have a go, fine, okay
I said, if you must have a go then go away Oh please don't, please don't speak
You'll kill the mystique, oh baby let's not, let's not dance
We'll ruin our chances, oh in between the drinks
I can't help but think that even as we speak
We kill the mystique
