

# Words Meet Heartbeats

## Parachute

Well I'd go house to house and knock on every door,  
I'd take down all the walls and tear up every floor,  
Just to figure out, oh what we're fighting for  
And all I can do,  
Is sit and let the air speak for you

Cause when words meet heartbeats baby c'mon  
You know it's not even fair  
And a first round, knockdown  
Baby the floor  
You know I'm already there  
And the sun sets high, and that moon is low  
Oh cause when words meet heartbeats  
Baby you'll know

Well there's silence now  
There's nothing more to gain  
And it isn't right if I can't run away  
Because it kills the mood,  
When there's nothing left to say  
And all I can do,  
Is sit and let the air speak for you

Cause when words meet heartbeats baby c'mon  
You know it's not even fair  
And a first round knockdown  
Baby the floor  
You know I'm already there  
And the sun sets high, and that moon is low  
Oh cause when words meet heartbeats

And I'm not too tired, I'm not too tired to know what you're doing  
And I'm not too tired, I'm not too tired to see  
And I'm not too tired, I'm not too tired to know what you're doing with me

Cause when words meet heartbeats baby c'mon  
You know it's not even fair  
And a first round knockdown  
Baby the floor  
You know I'm already there

And the sun sets high, and the moon is low  
Oh cause when words meet heartbeats  
Oh when words meet heartbeats  
Oh when words meet heartbeats  
Baby you'll know
