

# Over

## LarsM

But I never really knew that it was over  
Till the quiet in the echoes speaking colder  
But I never really knew that it was over  
Till the quiet in the echoes speaking colder  
You took my love then gave it back  
It's yours to leave but it won't keep me from this hard time

And I'll try to carry on again

But I never really knew that it was over
