Done

Anew Revolution

You wanna try me you might be the one who goes down
I've had it up to here with your rule
You're such a two face it's too late to take back those words
I'm throwing back the shit that you do

Things went so wrong so long ago
There's nothing left but a disaster

Hey I wanna watch you bleed
Tearin' at the seems
I'm screaming out
Done with this, done with

Hey I wanna watch you bleed
Tearin' at the seems
I'm screaming out
Done with this, done with you

You wanna bind us and sell us the bed that you made
I've had it up to here with you fools
Live or dead this royal fist fuck
The other word is freedom to you

Things went so wrong so long ago
There's nothing left but a disaster

Hey I wanna watch you bleed
Tearin' at the seems
I'm screaming out
Done with this, done with you

I wanna watch you bleed
Tearin' at the seems
I'm screaming out
Done with this, done with

Yeah I wanna watch you bleed,
Tear you at the seems
I'm screamin out

DONE

Hey I wanna watch you bleed,
Tearin' at the seems
Done with this, done with you

I wanna watch you bleed,
Tearin' at the seems
Done with this, done with you

Hey hey hey hey
Done with this, done with you

Hey hey hey hey
Done with this, done with you
